

Çatalhöyük Excavations: The 2009–2017 Seasons

Edited by
Ian Hodder

Colour figures for Chapter 8. Buildings 162, 161, 160, 43 and Space 559 open area

James Taylor

Figure 8.1. North-facing overview of B.162 (photograph by Jason Quinlan).

Figure 8.3. South-facing photograph showing detail of kerb (32686) and associated floor remnants (32689) (photograph by Onur Yüksel).

Figure 8.4. Northeast-facing photograph showing detail of oven (32684) (photograph by Jason Quinlan).

Figure 8.5. Northwest-facing photograph showing later phases of Building 161 in context, with Building 17 in the background (photograph by Jason Quinlan).

Figure 8.6. South-facing overview of backfill of Building 162, or B.161 in its earliest phase (photograph by Onur Yüksel).

Figure 8.7. West-facing overview of B.161 in one of its later phases (photograph by Jason Quinlan).

Figure 8.9. South-facing photograph showing detail of early partition wall (F.8182 (32672)) and plaster surface (32657) (photograph by Cristina Belmonte).

Figure 8.10. West-facing photograph showing detail of the large cluster (32653) in the northeast corner of the building (32653) (photograph by Jason Quinlan).

Figure 8.11. North-facing photograph showing earliest phase (outline) of oven superstructure, F.8160, and associated hearth (32649) (photograph by Cristina Belmonte).

Figure 8.12. East-facing photograph showing pit cut F.8175, including worked stone and clay ball cluster (32668) (photograph by Marek Barański).

Figure 8.14. Northeast-facing photograph showing burial, F.8171 (skeleton (32645), left, and skeleton (32646), right); note phytolith remains in the northeast corner, which may be the remains of a wooden plank associated with skeleton (32645) (photograph by Jason Quinlan).

Figure 8.15. Northeast-facing photograph showing burial F.8171, skeleton (32646) under excavation (photograph by Jason Quinlan).

Figure 8.16. Bone pin (32636.x1) associated with individual in burial F.8171 (photograph by Jason Quinlan).

Figure 8.17. Northeast-facing photograph showing upper burial in F.8171, skeleton (32644) (photograph by Jason Quinlan).

Figure 8.18. Orthophoto showing detail of baby burial in basket, F.8178 skeleton (32696) (image created from a 3D model by Scott Haddow).

Figure 8.20. North-facing photograph showing later partition wall (23204), constructed after the insertion of blocking event (32671) (photograph by Vasiliki Koutrafouris).

Figure 8.21. Northeast-facing photograph showing oven superstructure (32632) (photograph by Cristina Belmonte).

Figure 8.23. North-facing orthophoto showing detail of skeleton (32608) F.7849 within the abandonment infill of Building 161 (image created by Scott Haddow).

Figure 8.24. West-facing overview of B.160's main southern space (Sp.551) at the beginning of the 2017 excavation season (photograph by Jason Quinlan).

Figure 8.25. South-facing photograph showing wall plaster with poorly preserved painting (32416) (photograph by Jason Quinlan).

Figure 8.26. South-facing photograph showing wall-strengthening event, F.7847 (photograph by Marek Barański).

Figure 8.27. Northwest-facing photograph showing in situ cluster associated with northern wall reinforcement (32494).

Figure 8.29. North-facing photograph of Space 551, showing north face of partition wall with crawl-hole, F.7845 (photograph by Onur Yüksel).

Figure 8.30. North-facing photograph showing detail of small opening in partition wall, F.7844 (photograph by Numan Arslan).

Figure 8.31. North-facing photograph showing possible oven, F.7815, cut into the northeast corner of the space (photograph by Marek Barański).

Figure 8.34. South-facing photograph showing floor surface (32453) and associated cluster, situated in proximity to the building's ladder retrieval cut F.7816 (photograph by Cristina Belmonte).

Figure 8.36. North-facing photograph showing overview of Building 160 at abandonment, including post-retrieval pits (photograph by Jason Quinlan).

Figure 8.37. West-facing overview of Building 43 (photograph by Jason Quinlan).

Figure 8.39. South-facing photograph showing detail of niche cuts (30385 and 30395) in the southern wall of Building 43 (photograph by Onur Yüksel).

Figure 8.41. West-facing photograph showing detail of crawl-hole F.7507 (photograph by Nikita Bogdanov).

Figure 8.43. East-facing photograph showing detail of the primary oven (30365) at the southern end of Building 43 (photograph by James Taylor).

Figure 8.45. South-facing photograph showing detail of oven F.1852 against southern wall of Sp.236 (photograph by Erik Johansson).

Figure 8.46. South-facing photograph showing badly eroded southern make-up deposit (30333) (photograph by Erik Johansson).

Figure 8.48. Northeast-facing section of deposits left in situ after the excavation of B.43. Plaster floor (22326) is clearly visible about a third of the way up. This would have abutted the north side of the northern wall of Sp.235 (photograph by Althea Asaro).
