

Çatalhöyük Excavations: The 2009–2017 Seasons

Edited by
Ian Hodder

Supplementary material to Chapter 9: Building 76

James Taylor

Figure S9.1. South-facing photograph showing core material (18772) for bench, F.3404 and associated east-central platform core (18761) (photograph by Michael House).

Figure S9.2. East-facing photograph showing northern engaged pillar on eastern wall of Sp.137, F.3406, detailing box-cut timber (18764) (photograph by Michael House).

Figure S9.3. West-facing photograph showing remnants of clay superstructure (18762) between pillars on the western wall (cuts: 18773 and 18774) (photograph by Numan Arslan).

Figure S9.4. Northwest-facing photograph showing mixed fill deposit (18789) (photograph by Justine Issavi).

Figure S9.5. West-facing photograph showing floor surface (18484) (photograph by Michael House).

Figure S9.6. East-facing photograph showing platform surface (18756/18759) and subsequent repair (18758) (photograph by Numan Arslan).

Figure S9.7. East-facing photograph showing kerb and core (18745) and platform plaster (18735) (photograph by Numan Arslan).

Figure S9.8. East-facing (overhead) photograph showing overview of B.76, including floor surface (18495) (photograph by Jason Quinlan).

Figure S9.9. Detail of carbonised remains in the skull cavity of skeleton (18496) – identified as carbonised brain tissue (photograph by Jason Quinlan).

Figure S9.10. East-facing photograph showing floor (18429) (photograph by Freya Sadarangani).

Figure S9.11. East-facing photograph showing platform surface (18725) (photograph by Numan Arslan).

Figure S9.12. South-facing photograph showing detail of ladder emplacement (18437) on the southeast platform F.3409 (photograph by Numan Arslan).

Figure S9.13. North-facing photograph showing hearth F.3412 (photograph Çatalhöyük Research Project).

Figure S9.14. South-facing photograph showing ground stone cluster (18411) associated with hearth F.3412 (photograph by Freya Sadarangani).

Figure S9.15. South-facing photograph showing platform F.3411 construction kerb (18729/18734) and ash-rich infill (18726) (photograph by Michael House).

Figure S9.16. South-facing photograph showing post-hole cut (18717) and cluster of stake-holes associated with (18717) (including 18718, 18721 and possibly 18718) (photograph by Michael House).

Figure S9.17. North-facing photograph showing floor surface (18739) which featured two small ground-stone objects set into the floor (photograph Çatalhöyük Research Project).
